Scan & Watch

Machine:

Sheet thicknesses

Galvanized steel	2.0 mm
Aluminium	2.5 mm
Stainless steel	1.5 mm

Sheet width 1,500 mm

Speed 30 - 100 m/min.

Connections

Electric	400 volt
Compressed air	10 bar
Internet	WiFi

Dimensions 4,500 mm x 2,800 mm x 2,000 mm

Weight 4.700 kg

Steering:

Hardware	21" touchscreen, 3D
Operating system	MS Windows
Languages	23 languages
Input	symbols
Storage	database

Software

Bows, transition pieces, socks, pants pieces,
Zeppelin heads, caps, flats, isometrics, air ducts

Standard accessories:

Machine with portal
Filter- and cooling system

Special accessories:

Marking system
Isoconnect measurement software
Decoilers
